

Corporate Services

PwC in the Caribbean

Our Services are designed to assist directors and their companies meet their compliance obligations in an efficient manner throughout the corporate life cycle, from start up to wind up and each day in between. We provide corporate secretarial, corporate advisory and international business restructuring support to clients of varying sizes and industries, including large regional companies and multi-national organisations.

Our Team is comprised of attorneys, chartered company secretaries and support professionals with a wealth of experience in our markets, providing strong support to local, regional and international clients whose structures include Caribbean corporate entities.
