TRAINING PARTNER

2024

We have been a certified training partner since 2011 and utilise an interactive approach using case studies and group exercises for effective learning. We have conducted over 25 GRI Trainings in the region and have trained participants from various industries and also non-governmental organisations (NGOs).

Learning Objectives

The GRI Standards Certified Training Course has five major learning objectives. Participants will be able to:

1. Identify and understand the main features of the GRI Standards 2021
2. Recognise the tasks and decisions to be made during the reporting process to prepare a GRI Standards-based report focused on material topics
3. Identify the content expected to be found in GRI Standards-based reports
4. Identify impacts, determine material topics and disclosures related to human rights
5. Describe how to integrate the SDGs into current sustainability reporting processes

Topics Covered

The training course will include breakout sessions for effective discussions:

- **Module 1:** Introduction to sustainability reporting and the GRI Standards
- **Module 2:** Reporting with GRI Standards
- **Module 3:** Reporting on Human Rights with GRI Standards
- **Module 4:** Integrating the SDGs into sustainability reporting

Note : This training is based on the 2021 GRI Standards Update. We will also cover the linkages of the latest standard (GRI 2021) to GRI 2016 and what the main changes are.
