The opportunity of a lifetime

Eileen Vagi Vai
Graduate, Tax

***Your career is just that, yours.
You choose it.
You live it.
You make it happen.***

To get the best from it, you need the best opportunities. That's why opportunities are at the heart of PwC careers.

Opportunities to grow as an individual, build lasting relationships and make an impact in a place where people, quality and value mean everything.

The skills, insights, methodologies and connections you develop at PwC are career defining wherever your career may take you.

Talent, hard work and opportunity.

You provide the first two, we'll take care of the rest.

It's the opportunity of a lifetime. Take it.

It's the challenge of making choices

Sylvia Kaski
Graduate Accountant, Assurance

Kimson Kare
Consultant, Consulting

Assurance

Our Assurance team gets to grips with every aspect of our clients' activities and advises them on whether what they're doing is sustainable, profitable and legal. It's critical work that underpins investor confidence, adds real value to our clients' businesses and develops the market economy.

Working with our extensive client list means you'll develop the business skills, knowledge and relationships you need to do well in a career that's about so much more than numbers. It's about helping the business grow, ensuring your client has the right people, technology, systems and finance to be successful.

Consulting

Businesses need help with all sorts of complex situations: from major transactions, operational and organisational change, to strategic decisions and how technology can improve a business. That's what our Consulting practice does. The team provides businesses with the advice, guidance and creative solutions needed to negotiate the most challenging questions and resolve important problems.

The Consulting team works collaboratively with clients in a range of specialised areas to help devise "winning" strategies through to successfully implementing these to achieve intended outcomes. The team also works with private and public sector clients of all sizes to improve their operational resilience and performance through improved governance, risk decision making and talent management. The Consulting practice is on an exciting journey of discovery, to realise the potential for clients in PNG.

It's the challenge of making choices

Vincent Bayang
Tax Consultant

Tax & legal

PwC's expertise covers every conceivable area of taxation. As a key tax advisor in PNG, our clients range from companies and large multinationals, to emerging businesses, trusts, partnerships and private individuals.

The type of projects we work on vary depending on the objectives of the clients, and range from assisting clients with their tax and statutory compliance obligations and preparing annual accounts, to restructuring multi-million kina property portfolios, buying businesses, and advising individuals on their personal tax planning.

The development you receive will provide you with the skills and knowledge to participate in a variety of practice areas.

What is in it for me?

Opportunity

Access a vast range of internal and external work and project opportunities, with the option to change your career direction as your experience with PwC evolves. You will be working to world class standards and methodologies and have access to global resources, expertise and capabilities

Personal Development

We invest in your development. Our training and development is of world class standards. This includes technical, soft and life skill training, support for professional qualifications such as CPA and mentoring, coaching and regular feedback. For high potential employees we also offer assignments overseas

Travel

It's one of the classic dilemmas upon graduating: do you travel before you work or work before you travel? PwC can help you do both. We offer our staff opportunities to work domestically, at a client site, or internationally, depending on the needs of the business and our clients

Environment

Build your skills in a supportive environment of inspiring people who'll help you reach your full potential. You are treated as an individual, and you'll have the opportunity to be coached and mentored by some extraordinary people with market leading expertise

Benefits

- Competitive pay with a potential to increase significantly year on year
- Incentive payments dependent on your performance
- Study assistance for CPA including tuition costs, paid study leave, CPA membership fees and bonus payments for on track results
- Other benefits available such as medical insurance

Career not just a job

We offer a direct career path from a Graduate all the way to Partner. This requires dedication, commitment and hard work on your part but in return we offer support in the form of coaching, training and development as well as opportunities to stretch yourself through challenging assignments and projects

Corporate responsibility

The goal of making a positive impact on the Community, Environment, People, and Marketplace is integrated into all our planning and processes, so it's part of our DNA. This means you have the opportunity to engage with corporate responsibility every day, and in every decision you make at PwC.
