## **PwC Vietnam named among the best companies to work for in Asia 2020**

**Ho Chi Minh City, 2<sup>nd</sup> July 2020.** PwC Vietnam has been recognised as one of the “Best Companies to Work for in Asia 2020” by HR Asia Magazine, Asia’s most authoritative publication for senior HR professionals.

The Awards cover 12 markets across the region including Hong Kong, China, Korea, Malaysia, Indonesia, Singapore, Philippines, Thailand and Vietnam, highlighting best practices and inner workings of how organisations create workplace excellence and promote greater employee engagement. This year for the Vietnam Chapter, the coveted list named over 60 companies from Vietnam. The ceremony took place in HCMC on the 1st of July 2020.

Speaking at the Award, Mr. Quach Thanh Chau, People Partner at PwC Vietnam said: “We are honoured and humbled to receive this recognition. This award is dedicated to our people whose feedback helps shape our on-going people initiatives. We take our social contract with employees seriously. They are our greatest asset and our people are the driver that keeps us moving forward.”

One of the highlights in the organisation's people-focused approach is Flex+ programme - providing flexible initiatives in working hours, working arrangement, extended holidays, maternity and paternity leaves. Such policies encourage different ways of working and empower the people to find sustainable balance among work, well-being, and personal growth. The organisation also builds a culture of flexible learning and development through various digital learning platforms.

The world of work has changed dramatically. How we work today is very different. Chau added "I see that the recent pandemic has greatly accelerated both digital and workforce transformation. For us at PwC Vietnam, we are committed to creating an environment where people and technology thrive together to accomplish more than they could apart."

The HR Asia Best Companies to Work for in Asia evaluation is based on proprietary research which assesses the company's working environment, HR practices, total employee engagement and overall job satisfaction. This year 11,430 employees from 308 companies across Vietnam participated in the "HR Asia Best Companies to Work for in Asia" Survey. This survey is based on the Total Engagement Assessment Model or T.E.A.M, making up an important part of the assessment process.
